LA FOLIE SAINT AURIOL - SYRAH ROSÉ

IGP PAYS D'OC

PRODUCER: Claude Vialade

TYPE: Rosé wine

GRAPES: 100% Syrah

SOIL TYPES: The vineyards are located on the upper tiers bordering the Mediterranean shoreline in the Minervois. They enjoy a hot, dry climate mitigated by moderate elevation (150 to 200m) which promotes the development of aromas in the grapes during ripening, producing a range of perfumed wines showing abundant finesse.

VINEYARD MANAGEMENT: The vines are trained on wires and harvested by machine or by hand for some of the rigorously selected vineyards. Yields total 70 hl/ha.

WINEMAKING: The fruit is harvested by machine or by hand based on strict vineyard selection, taking into account the ripeness of each plot. The grapes are entirely destemmed before fermentation. The wines are fermented in stainless steel tanks with particular attention paid to temperatures during fermentation and to pumping over which is designed to produce fine tannins and good fruitiness.

TASTING NOTES: A full-flavored wine that tastes of fresh fruit. Drinking temperature: 10-12°C.

FOOD PAIRINGS: Works best with spring salads and cold meats.
