BELLES DU SUD - GRENACHE SYRAH

IGP PAYS D'OC

PRODUCER: Claude Vialade

TYPE: Red

GRAPES: 70% Grenache 30% Syrah

SOIL TYPES: The vineyards are located on the high terraces bordering the Mediterranean coastline in the Minervois area. They benefit from a hot, dry climate mitigated by an average elevation of 150 to 200m, which promotes development of aromas in the grapes during ripening, producing a range of wines with lots of finesse and perfume.

VINEYARD MANAGEMENT: Utmost care is paid to vineyard management and fruit health. The vines are pruned as bush vines for the Grenache and using the Cordon de Royat system for Syrah.

WINEMAKING: The grapes are harvested by machine then destemmed on arrival at the winery. Strict temperature control during fermentation maximises fruit extraction and great development of aromas. Maceration lasts for a few days after the end of alcoholic fermentation. The varietals are vinted separately and blending is based on the results of tasting. Maturation lasts 6 months.

TASTING NOTES: Garnet with purple-blue tints. Powerful nose of ripe cherry, strawberry, plum and soft spices. The wine is enjoyable to the palate with soft tannins and lots of sweetness. Drink within the first three years after bottling. Drinking temperature: 16°C.

FOOD PAIRINGS: The wine's floral aromas make it an excellent partner for modern cuisine, grilled foods, cured meats and blue-veined cheeses.
